- PROBLEM SOLVING

INTERNSHIPS

WEB DEVELOPER

codsoft
2024

- Contributed to dynamic web projects under the mentorship of experienced developers, gaining hands-on experience in front-end and back-end development. Developed proficiency in HTML, CSS, JavaScript, and popular frameworks such as React.js. Collaborated with cross-functional teams to deliver responsive and user-friendly web solutions, demonstrating adaptability.

PROJECTS

- Project: RK Shoe World
- Developed RK Shoe World, a dynamic e-commerce website, from conception to deployment, aimed at providing customers with a seamless shopping experience for footwear. Utilized HTML, CSS, and JavaScript for front-end development, ensuring an intuitive user interface and responsive design across devices. Integrated a secure payment gateway and user authentication system for enhanced security and convenience. Implemented back-end functionalities using Node.js and Express.js, facilitating inventory management, order processing, and customer relationship management.
